ARTICULATION AGREEMENT

Between

Southern Regional Technical College: Associate of Applied Science Degree in Accounting

And

Thomas University: Bachelor of Science Degree in Business Administration

Article I: Agreement on Principle

Thomas University (TU) and Southern Regional Technical College (SRTC) agree that students who choose to transfer from a technical college to a senior college or university to earn a bachelor's degree should be provided with a smooth curriculum transition that minimizes loss of credit and duplication of coursework. Thomas University and Southern Regional Technical College, therefore, agree to enter into this curriculum articulation agreement for students who complete the Associate of Science in Accounting at SRTC and transfer to TU to complete the Bachelor of Science in Business Administration. Both institutions enter into this agreement as cooperating, equal partners who shall maintain the integrity of their separate programs.

Article II: Agreement on Program Specifics

Thomas University and Southern Regional Technical College agree that any student who has successfully completed the minimum requirements of courses outlined in the corresponding articulation tables may transfer the course credits indicated toward a Bachelor of Accounting at Thomas University. Students who follow this articulated program agreement must apply and be admitted to Thomas University. SRTC students will receive equal consideration as other students seeking admission and financial aid. The bachelor's degree graduation requirements for students who follow this articulated program agreement are listed in the applicable Thomas University Catalog as displayed in the *TU Catalog* on the university website. Courses approved for transfer are listed in the attached articulation guide tables.

Agreement Requirements

- 1. Students must complete the Associate of Science in Accounting program at Southern Regional Technical College and the program of study for a Bachelor of Social Work program at Thomas University as indicated in the articulation guide. Any course substitutions should be made with the guidance of an advisor or counselor to assure that all requirements are met.
- 2. Transfer students will be required to complete all Thomas University's general education (core) requirements that have not been satisfied in the Articulation Agreement.
- 3. Students who transfer to TU from SRTC must complete at least 35 semester hours at Thomas University. Thirty of these hours must be completed in the upper division course work appropriate to the program.

4. Only courses with a grade of "C" or better will be accepted for transfer to Thomas University. A course completed with a grade of less than a "C", if counted toward graduation at SRTC, will not transfer to TU for academic credit and must be repeated if it is a requirement for the Thomas University Bachelor of Science program.

Article III: Agreement on Communication

Thomas University and Southern Regional Technical College agree to cooperate in communicating with each other and with their common and respective publics concerning the established relationship between the two institutions. Communication may include the development of various kinds of publications to inform those who will benefit personally or professionally from the opportunities provided by this agreement. Faculty and staff at both institutions will share the information in this agreement with interested and qualified students, and both institutions will provide counseling and advising to students and prospective students.

Article IV: Maintenance and Review Procedures

At least one administrator or faculty member from each institution will be appointed to act as agents for the implementation of this agreement, to speak for the institutions, and to communicate changes to respective faculty members, advisors, counselors, and others to whom the information is pertinent. Responsibility for oversight of this agreement rests with the Registrar at Southern Regional Technical College and the Registrar at Thomas University.

Both parties agree to communicate annually any changes in the respective programs that may have an effect on this articulation agreement. During the fifth year, both parties will review the agreement for revisions and possible renewal. If the agreement is not renewed by the end of the effective period, students engaged in the articulation program as a currently enrolled TU student prior to termination of the agreement will be given five (5) additional years to complete the degree under terms of this agreement.

ACCOUNTING

Associate of Applied Science Degree

Program Description: The Accounting Associate Degree program is a sequence of courses that prepares students for a variety of accounting careers in today's technology-driven workplaces. Learning opportunities develop academic, technical, and professional knowledge and skills required for job acquisition, retention, and advancement. Program graduates receive an Associate of Applied Science Degree in Accounting.

Student Learning Outcomes:

- Students will calculate costs, depreciation, and disposal of plant assets.
- Students will produce an adjusted and inbalance set of books utilizing computerized accounting software.
- Students will process and record payroll transactions utilizing a simulated computerized payroll accounting system.

Program Offered at the Following Sites: Moultrie-Veterans Parkway, Thomasville, Tifton

Length of Program: Five (5) semesters

Entrance Date: Beginning of each semester.

Entrance Requirements: Refer to Admissions criteria.

Age: Applicant must be 16 years of age or older.

Education: An applicant must be a high school graduate or the equivalent (GED). College transcripts will be evaluated on an individual basis.

Advisor: A program advisor should be consulted prior to enrolling in any course. An advisor will be assigned by admissions.

Program Final Exit Point: Accounting, Associate of Applied Science.

Credits Required for Graduation: 67 Minimum semester hour credits required for graduation
